BUILD A REINDEER WORKSHOP

FRIDAY 6TH DECEMBER 9:30AM - 11:00AM

In this hands-on workshop you'll spend the morning creating your very own wooden reindeer, like the one shown in the picture.

You will use pre-cut wood and simple techniques to build and select different wood for the head, neck, body and legs. You will then have an array of materials to add those finishing touches. You will be fully supported through the whole process by our dedicated team in the DT department.

The cost of the workshop is £12.50 pp and this price includes all materials and coffee/tea and a mince pie! Students can attend with their parent/carer free of charge. Places will be reserved on a first come, first served basis. To reserve your place, please fill in and return the slip below.
